N.J.A.C. 17:27-1.1 et seq.

CONSTRUCTION CONTRACTS

During the performance of this contract, the contractor agrees as follows:

The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Except with respect to affectional or sexual orientation and gender identity or expression, the contractor will ensure that equal employment opportunity is afforded to such applicants in recruitment and employment, and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Such equal employment opportunity shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The con-tractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this nondiscrimination clause.

The contractor or subcontractor, where applicable will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex.

The contractor or subcontractor will send to each labor union, with which it has a collective bar-gaining agreement, a notice, to be provided by the agency contracting officer, advising the labor union or workers' representative of the contractor's commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer, pursuant to N.J.S.A. 10:5-31 et seq., as amended and supplemented from time to time and the Americans with Disabilities Act.

When hiring or scheduling workers in each construction trade, the contractor or subcontractor agrees to make good faith efforts to employ minority and women workers in each construction trade consistent with the targeted employment goal prescribed by N.J.A.C. I7:27-7.2; provided, however, that the Dept. of LWD, Construction EEO Monitoring Program, may, in its discretion, exempt a contractor or subcontractor from compliance with the good faith procedures pre-scribed by the following provisions, A, B, and C, as long as the Dept. of LWD, Construction EEO Monitoring Program is satisfied that the contractor or subcontractor is employing workers provided by a union which provides evidence, in accordance with standards prescribed by the Dept. of LWD, Construction EEO Monitoring Program, that its percentage of active "card carrying" members who are minority and women workers is equal to or greater than the targeted employment goal established in accordance with N.J.A.C. 17:27-7.2. The contractor or subcontractor agrees that a good faith effort shall include compliance with the following procedures:

A. If the contractor or subcontractor has a referral agreement or arrangement with a union for a construction trade, the contractor or subcontractor shall, within three business days of the contract award, seek assurances from the union that it will cooperate with the contractor or sub-

contractor as it fulfills its affirmative action obligations under this contract and in accordance with the rules promulgated by the Treasurer pursuant to N.J.S.A. 10:5-31 et. seq., as supplemented and amended from time to time and the Americans with Disabilities Act. If the contractor or subcontractor is unable to obtain said assurances from the construction trade union at least five business days prior to the commencement of construction work, the contractor or sub-contractor agrees to afford equal employment opportunities minority and women workers directly, consistent with this chapter. If the contractor's or subcontractor's prior experience with a construction trade union, regardless of whether the union has provided said assurances, indicates a significant possibility that the trade union will not refer sufficient minority and women workers consistent with affording equal employment opportunities as specified in this chapter, the contractor or subcontractor agrees to be prepared to provide such opportunities to minority and women workers directly, consistent with this chapter, by complying with the hiring or scheduling procedures prescribed under (B) below; and the contractor or subcontractor further agrees to take said action immediately if it determines that the union is not referring minority and women workers consistent with the equal employment opportunity goals set forth in this chapter.

B. If good faith efforts to meet targeted employment goals have not or cannot be met for each construction trade by adhering to the procedures of (A) above, or if the contractor does not have a referral agreement or arrangement with a union for a construction trade, the contractor or subcontractor agrees to take the following actions:

1. To notify the public agency compliance officer, the Dept. of LWD, Construction EEO Monitoring Program, and minority and women referral organizations listed by the Division pursuant to N.J.A.C. 17:27-5.3, of its workforce needs, and request referral of minority and women workers;
2. To notify any minority and women workers who have been listed with it as awaiting available vacancies;
3. Prior to commencement of work, to request that the local construction trade union refer minority and women workers to fill job openings, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade;
4. To leave standing requests for additional referral to minority and women workers with the local construction trade union, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade, the State Training and Employment Service and other approved referral sources in the area;
5. If it is necessary to lay off some of the workers in a given trade on the construction site, layoffs shall be conducted in compliance with the equal employment opportunity and non-discrimination standards set forth in this regulation, as well as with applicable Federal and State court decisions;
6. To adhere to the following procedure when minority and women workers apply or are referred to the contractor or subcontractor:
    i. The contactor or subcontractor shall interview the referred minority or women worker.
    ii. If said individuals have never previously received any document or certification signifying a level of qualification lower than that required in order to perform the work of the construction trade, the contractor or subcontractor shall in good faith determine the qualifications of such individuals. The contractor or subcontractor shall hire or schedule those individuals who satisfy appropriate qualification standards in conformity with the equal employment opportunity and non-discrimination principles set forth in this chapter. However, a contractor or subcontractor shall determine that the individual at least possesses the requisite skills, and experience recognized by a union, apprentice program or a referral agency, provided the referral agency is acceptable to the Dept. of LWD,

Construction EEO Monitoring Program. If necessary, the con-tractor or subcontractor shall hire or schedule minority and women workers who qualify as trainees pursuant to these rules. All of the requirements, however, are limited by the provisions of (C) below.

iii. The name of any interested women or minority individual shall be maintained on a waiting list, and shall be considered for employment as described in (i) above, whenever vacancies occur. At the request of the Dept. of LWD, Construction EEO Monitoring Program, the contractor or subcontractor shall provide evidence of its good faith efforts to employ women and minorities from the list to fill vacancies.

iv. If, for any reason, said contractor or subcontractor determines that a minority individual or a woman is not qualified or if the individual qualifies as an advanced trainee or apprentice, the contractor or subcontractor shall inform the individual in writing of the reasons for the determination, maintain a copy of the determination in its files, and send a copy to the public agency compliance officer and to the Dept. of LWD, Construction EEO Monitoring Program.

7. To keep a complete and accurate record of all requests made for the referral of workers in any trade covered by the contract, on forms made available by the Dept. of LWD, Construction EEO Monitoring Program and submitted promptly to the Dept. of LWD, Construction EEO Monitoring Program upon request.

C. The contractor or subcontractor agrees that nothing contained in (B) above shall preclude the contractor or subcontractor from complying with the union hiring hall or apprentice-ship policies in any applicable collective bargaining agreement or union hiring hall arrangement, and, where required by custom or agreement, it shall send journeymen and trainees to the union for referral, or to the apprenticeship program for admission, pursuant to such agreement or arrangement. However, where the practices of a union or apprenticeship program will result in the exclusion of minorities and women or the failure to refer minorities and women consistent with the targeted county employment goal, the contractor or subcontractor shall consider for employment persons referred pursuant to (B) above without regard to such agreement or arrangement; provided further, however, that the contractor or subcontractor shall not be required to employ women and minority advanced trainees and trainees in numbers which result in the employment of advanced trainees and trainees as a percentage of the total workforce for the construction trade, which percentage significantly exceeds the apprentice to journey worker ratio specified in the applicable collective bargaining agreement, or in the absence of a collective bargaining agreement, exceeds the ratio established by practice in the area for said construction trade. Also, the contractor or subcontractor agrees that, in implementing the procedures of (B) above, it shall, where applicable, employ minority and women workers residing within the geographical jurisdiction of the union.

After notification of award, but prior to signing a construction contract, the contractor shall submit to the public agency compliance officer and the Dept. of LWD, Construction EEO Monitoring Program an initial project workforce report (Form AA-201) electronically provided to the public agency by the Dept. of LWD, Construction EEO Monitoring Program, through its web-site, for distribution to and completion by the contractor, in accordance with N.J.A.C. 17:27-7. The contractor also agrees to submit a copy of the Monthly Project Workforce Report once a month thereafter for the duration of this contract to the Dept. of LWD, Construction EEO Monitoring Program, and to the public agency compliance officer.

The contractor agrees to cooperate with the public agency in the payment of budgeted funds, as is necessary, for on-the-job and/or off-the-job programs for outreach and training of minorities and women.

D. The contractor and its subcontractors shall furnish such reports or other documents to the Dept. of LWD, Construction EEO Monitoring Program as may be requested by the Dept. of LWD, Construction EEO Monitoring Program from time to time in order to carry out the purposes of these regulations, and public agencies shall furnish such information as may be re-quested by the Dept. of LWD, Construction EEO Monitoring Program for conducting a compliance investigation pursuant to N.J.A.C. 17:27-1.1 et seq.

All successful construction Contractors must submit the following form of evidence:

Completed form AA-201 "Initial Project Manning Report - Construction"

The completed form AA-201 should be submitted at the time the signed contract is returned to the Mayor and Council. The Form AA-201 must be submitted by the third (3rd) calendar day after the signing of the construction contract. If the construction Contractor does not submit Form AA-201 within the required time period, the Mayor and Council **may** extend the time period to the fourteenth (14th) calendar day. If by the fourteenth (14th) calendar day the contractor does not submit the form, the Mayor and Council **must declare the contractor is non-responsive and award the contract to the next lowest responsible bidder**.

BIDDER CERTIFICATION

To be completed by Each Bidder and each Subcontractor in the following areas:

(1) Additions to East Windsor Senior Center, East Windsor, NJ

STATE OF NEW JERSEY)
) ss.
COUNTY OF Burlington)

I, Victor J. DiAnna, residing in Medford Township, in the County of Burlington and the State of New Jersey of full age, being duly sworn according to law on my oath, depose and say that:

I am President (principal owner or officer) of the firm of Eagle Construction Services, Inc., (the "Bidder") making this proposal for the above-referenced facilities project and understand that the Project is being undertaken by the East Windsor Township. Terms not otherwise defined herein shall have their meaning as set forth in such Agreement.

I. The undersigned hereby swears and affirms to the following:

A. No Gratuities

The Bidder has not offered or tendered, directly or indirectly, the payment of any fee, commission or compensation of any kind or the granting of any gift or gratuity of any kind, whether or not in connection with the purchase, sale, or contract, to any person in the employ of the East Windsor Township, or the State of New Jersey (the "State") having any duties or responsibilities in connection with the purchase or acquisition of any property or services by the East Windsor Township, or State, by or on behalf of any seller, supplier or provider of services, who has made, negotiated, solicited or offered to make any contract to sell or furnish real or personal property or services to the East Windsor Township, or the State. I further understand that it is a violation of law to offer, pay, or give to any employee of the East Windsor Township, or the State any fees, commission compensation, gift or gratuity for or because of any official act or a violation of any official duty. Any person who does so may be subject to punishment.

B. No Collusion

The Bidder has not directly or indirectly entered into any agreement, participated in any collusion, bid rigging or otherwise taken any action in restraint of free, competitive bidding in connection with the Facilities Project; the prices in the bid have been arrived at independently without collusion, consultation, communication or agreement, for the purpose of restricting competition; the prices have not been knowingly disclosed directly or indirectly by the Bidder to any other bidder, unless otherwise required by law; and no attempt has been made by the Bidder to induce any other person or business entity to submit or not submit a bid for the purpose of restricting competition.

C. No Discrimination

The Bidder will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, gender or sexual orientation and has complied and will continue to comply with all State and Federal laws and Executive Orders respecting non-discrimination.

D. Public Works Contractor Registration Certificate

A current, valid Public Works Contractor Registration Certificate has been issued pursuant to the New Jersey Public Works Contractor Registration Act, Public Laws 1999, Chapter 238. A copy of the Certificate is attached to this Certification.

E. Prevailing Wage

If applicable, the Bidder has complied and will continue to comply with the New Jersey Contractor Registration Act, Public Laws 1999, Chapter 238, and the New Jersey Prevailing Wage Act, Laws of 1963, Chapter 150, and all amendments thereto, and any contracts entered into on behalf of the East Windsor Township, or the State, except those contracts not within the contemplation of these acts. The Bidder shall not hire any Subcontractors to perform any work on the Facilities Project who is listed or is on record in the Office of the Commissioner, Department of Labor, as having failed to pay prevailing wages in accordance with the provisions of the New Jersey Prevailing Wage Act.

F. Certificate of Authority to Perform Work in New Jersey

A current, valid Certificate of Authority to Perform Work in New Jersey has been issued by the State Department of the Treasury (N.J.S.A. 18A:7G-37). A copy of the Certificate is attached to this Certification.

G. Business Registration Certificate

A current, valid Business Registration Certificate pursuant to P.L. 2004, C.57, has been issued by the New Jersey Department of Treasury, Division of Revenue. A copy of the Certificate is attached to this Certification.

H. Trade License

A current, valid contractor or trade license required under applicable New Jersey Law for any trade or specialty area in which this form seeks to perform work is attached to this Certification.

J. Quality Control

During the term of this project, the contractor will have in place a suitable quality control and quality insurance program and an appropriate safety and health plan.

K. Debarment

The Bidder certifies that it is not included on the State Treasurer's, or the Federal Government's List of Debarred, Suspended or Disqualified Bidders as a result of action taken by the State or Federal Agency. If awarded the contract, the Bidder acknowledges and agrees to insert into all contracts with all Subcontractors and Subconsultants a clause stating that the Bidder, its Subcontractors or Subconsultants may be debarred, suspended or disqualified from contracting and/or working on the

Facilities Project if found to have committed any of the acts listed in N.J.A.C. 17:19-3.1 et seq. or 6:20-7.1 et seq. or any applicable regulation issued by or affecting the SCC.

The Bidder certifies that it shall immediately notify the Owner, in writing, in the event the Bidder or any Subcontractor or Subconsultant appears on the Treasury's, or the Federal Government's List of Debarred, Suspended or Disqualified Bidders.

II. The undersigned hereby consents to the following:

A. Consent to Documents

If awarded the contract, the Bidder agrees and hereby consents to permit the Department of Community Affairs, other State agencies, the Unit of Fiscal Integrity, and their respective agents, representatives, consultants, subconsultants, contractors, subcontractors, and their agents and representatives (the "Project Team") access to ALL DOCUMENTS RELATED TO THE CONTRACT, including, but not limited to, the following:

1. Prequalifying information and work product.

2. All confidential memos and certifications required to be kept by any governmental agency, including, but not limited to, the Department of Community Affairs, the Department of Labor, the Department of Environmental Protection, the Department of Treasury, the Division of Consumer Affairs, and Licensing Boards.

3. All documents required to be kept by the Contract, including, but not limited to, contracts, specifications, change orders, alternate submissions, approvals/rejections, unit prices, product data, time of performance schedules, construction photographs, quality control management and reports, value engineering information, up-to-date project accounting system, intermediate and final audits, as-builts, close-out documentation.

4. All documents related to the approval process for the Facilities Project, including, but not limited to, project siting, land acquisition, surveys, and real estate documents (deeds, leases, and title report, including searches for easements, mortgages, judgments, liens, unpaid taxes, water & sewer, and property description by metes & bounds).

5. All documents related to the payment, in connection with the Contract, of professionals, including but not limited to surveyors, title abstractor/company, lawyers, appraisers, soils engineers, bond counsel, underwriters, financial and investment advisors, trustees, official printers, bond insurers.

B. Right to Inspect and Audit. The Bidder agrees to allow the Project Team upon request, at all reasonable times, to inspect and copy any and all of the above-described documents to the extent such documents are in its possession, custody or subject to its control. The Bidder agrees to make the requested documents available for inspection and copying within the State of New Jersey regardless of the location of the documents. The Bidder hereby waives any objection it might otherwise raise permitting the Project Team, including the Unit of Fiscal Integrity and its authorized representatives to investigate, examine and inspect all activities related to this contract pursuant to Public Law 2000, Chapter 72, '70. The Bidder further releases and holds harmless the Unit of Fiscal Integrity and its authorized representatives and the State of New Jersey.

All statements contained in the Bidder's bid/proposal and this Certification are true and correct: and all such statements have been made with full knowledge that the State of New Jersey rely upon the truth of the statements contained in this Certification in providing payments to the East Windsor Township for the Facilities Project pursuant to the Agreement.

ASBESTOS ACKNOWLEDGEMENT FORM

TO ALL CONTRACTORS/WORKERS:

Pursuant to AHERA (Asbestos Hazard Emergency Response Act) Regulations, you are hereby informed that the Owner has conducted an inspection of its buildings for asbestos containing building materials. A Management Plan has been developed and approved. The plan identifies asbestos containing building materials, assesses their friability (the potential to be crumble or reduced to powder by hand pressure), and recommends action based upon the potential release of asbestos fibers.

You are hereby informed that you have the right to inspect the Management Plan prior to the commencement of your work. You are also directed to inform the Owner if you are going to be working in an area that may cause you to disturb any existing asbestos containing building materials.

Your signature below acknowledges that you have been informed prior to the commencement of work, that you have been made aware of your rights under the AHERA Regulations. Each Prime Contractor shall notify his subcontractors of the above notification.

This Power of Attorney is made and executed pursuant to and by authority of the following By-laws and Authorizations of The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company which resolutions are now in full force and effect reading as follows:

ARTICLE IV – OFFICERS: Section 12. Power of Attorney.
Any officer or other official of the Corporation authorized for that purpose in writing by the Chairman or the President, and subject to such limitation as the Chairman or the President may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Corporation to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact, subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Corporation by their signature and execution of any such instruments and to attach thereto the seal of the Corporation. When so executed, such instruments shall be as binding as if signed by the President and attested to by the Secretary. Any power or authority granted to any representative or attorney-in-fact under the provisions of this article may be revoked at any time by the Board, the Chairman, the President or by the officer or officers granting such power or authority.

ARTICLE XIII – Execution of Contracts: Section 5. Surety Bonds and Undertakings.
Any officer of the Company authorized for that purpose in writing by the chairman or the president, and subject to such limitations as the chairman or the president may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Company by their signature and execution of any such instruments and to attach thereto the seal of the Company. When so executed such instruments shall be as binding as if signed by the president and attested by the secretary.

Certificate of Designation – The President of the Company, acting pursuant to the Bylaws of the Company, authorizes David M. Carey, Assistant Secretary to appoint such attorneys-in-fact as may be necessary to act on behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations.

Authorization – By unanimous consent of the Company's Board of Directors, the Company consents that facsimile or mechanically reproduced signature of any assistant secretary of the Company, wherever appearing upon a certified copy of any power of attorney issued by the Company in connection with surety bonds, shall be valid and binding upon the Company with the same force and effect as though manually affixed.

I, Renee C. Llewellyn, the undersigned, Assistant Secretary, The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company do hereby certify that the original power of attorney of which the foregoing is a full, true and correct copy of the Power of Attorney executed by said Companies, is in full force and effect and has not been revoked.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the seals of said Companies this 7th day of August, 2020.

PRESIDENT
Victor J. DiAnna

Victor J. DiAnna co-founded Eagle Construction Services, Inc. in September 1992 and serves as President. Victor is responsible for all day-to-day activities, corporate and bidding decisions. Victor also directs and coordinates all day-to-day field personnel and operations. Under Victor's oversight the company has grown its revenue to over $30 million annually and its client base including Federal Government entities as well as State, County and Local Municipalities.

Victor began his career with G & C Enterprises, Inc. in 1972 as a plumber/pipefitter. He was steadily promoted through the field ranks and became a Mechanical Superintendent in 1975. As an employee of G & C Enterprises, Inc., Victor served as the onsite Project Superintendent for the original construction of Building 3211, an aircraft hanger located at McGuire AFB, N.J. He was responsible for supervision of all G & C's workforce as well as coordination and oversight of all subcontractors on the project. Another highlight of Victor's career with G & C Enterprises, Inc. was the successful completion of a wastewater treatment facility for the US Navy at the Johnsville Naval Air Station located in Warminster, Pennsylvania.

In 1984 Victor was promoted to General Superintendent, in charge of all field personnel. He continued to effectively manage all facets of construction for both domestic and international Federal Government contracts, including projects in St. Croix, Antigua, Guam, Puerto Rico, Milan and Bermuda. While maintaining the same type of responsibilities except to a larger extent, the company averaged approximately $20 Million annually under Victor's direct supervision.

Appointed Vice President of G & C in 1987, he continued to direct all field operations, including 300 tradesmen and over $10 Million dollars of heavy construction equipment inventory. During tenure as Vice President, the company continued to expand averaging approximately $30 Million annually until he started Eagle Construction Services, Inc. in 1992.

VICE PRESIDENT

Vincent Pocino

Project Manager/Estimator/Contract Administrator

EDUCATION:	B.S. Aerospace Engineering	Boston University 1984
	M.S. Engineering Management	University of Dayton 1987

WORK EXPERIENCE:

Served four years active duty in the U.S. Air Force. Assignments included managing up to twenty five junior officers as lead logistics engineer on the F-15 and F-16 turbine engine reliability and maintainability studies.

Separated from U.S. Air Force in 1988 at which time began with G & C Enterprises, Inc. as on-site Field Engineer on Water System Improvements Project at the Philadelphia Naval Shipyard. The project primarily consisted of three pumping stations and approximately five miles of water distribution piping.

During five year tenure at G & C, Mr. Pocino successfully managed several Federal Government projects ranging from interior and exterior renovation projects to complex jet fuel storage facilities.

Left G & C in 1992 to become partner and Vice President of Eagle Construction Services, Inc. Has served in the capacity of Estimator, Project Manager and Contract Administrator on all Eagle Construction Services, Inc. projects.

VICE PRESIDENT
Tracy M. Zimmerman

EDUCATION: B.S. Civil Engineering Penn State University 1974

WORK EXPERIENCE:

Served five years active duty in the U.S. Navy. Duty assignments include an 18-month tour with the Seabees and two-year tour as a contract administrator at the Naval Air Station, Lemoore, California. Final assignment prior to separation as Lieutenant in 1974 was as Public Work's Officer, Naval Supply Corps School, Athens, Georgia.

Upon separation from the Navy, Mr. Zimmerman attended graduate school at Penn State University where curriculum was made up of construction management and structural engineering courses. Mr. Zimmerman left graduate school prior to earning an advanced degree and began employment with a large general, mechanical and electrical contractor specializing in Federal Government construction projects.

Mr. Zimmerman's duties over the years have been in project engineering and project management, including project planning and scheduling, submittal review and processing, procurement, and contract administration with the various government agencies. Some of the projects Mr. Zimmerman has been involved with and/or managed are as follows:

Any person who does so may be subject to punishment.

B. No Collusion

The Bidder has not directly or indirectly entered into any agreement, participated in any collusion, bid rigging or otherwise taken any action in restraint of free, competitive bidding in connection with the Facilities Project; the prices in the bid have been arrived at independently without collusion, consultation, communication or agreement, for the purpose of restricting competition; the prices have not been knowingly disclosed directly or indirectly by the Bidder to any other bidder, unless otherwise required by law; and no attempt has been made by the Bidder to induce any other person or business entity to submit or not submit a bid for the purpose of restricting competition.

C. No Discrimination

The Bidder will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, gender or sexual orientation and has complied and will continue to comply with all State and Federal laws and Executive Orders respecting non-discrimination.

D. Public Works Contractor Registration Certificate

A current, valid Public Works Contractor Registration Certificate has been issued pursuant to the New Jersey Public Works Contractor Registration Act, Public Laws 1999, Chapter 238. A copy of the Certificate is attached to this Certification.

E. Prevailing Wage

If applicable, the Bidder has complied and will continue to comply with the New Jersey Contractor Registration Act, Public Laws 1999, Chapter 238, and the New Jersey Prevailing Wage Act, Laws of 1963, Chapter 150, and all amendments thereto, and any contracts entered into on behalf of the East Windsor Township, or the State, except those contracts not within the contemplation of these acts. The Bidder shall not hire any Subcontractors to perform any work on the Facilities Project who is listed or is on record in the Office of the Commissioner, Department of Labor, as having failed to pay prevailing wages in accordance with the provisions of the New Jersey Prevailing Wage Act.

F. Certificate of Authority to Perform Work in New Jersey

A current, valid Certificate of Authority to Perform Work in New Jersey has been issued by the State Department of the Treasury (N.J.S.A. 18A:7G-37). A copy of the Certificate is attached to this Certification.

G. Business Registration Certificate

A current, valid Business Registration Certificate pursuant to P.L. 2004, C.57, has been issued by the New Jersey Department of Treasury, Division of Revenue. A copy of the Certificate is attached to this Certification.

H. Trade License

A current, valid contractor or trade license required under applicable New Jersey Law for any trade or specialty area in which this form seeks to perform work is attached to this Certification.

J. Quality Control

During the term of this project, the contractor will have in place a suitable quality control and quality insurance program and an appropriate safety and health plan.

K. Debarment

The Bidder certifies that it is not included on the State Treasurer's, or the Federal Government's List of Debarred, Suspended or Disqualified Bidders as a result of action taken by the State or Federal Agency. If awarded the contract, the Bidder acknowledges and agrees to insert into all contracts with all Subcontractors and Subconsultants a clause stating that the Bidder, its Subcontractors or Subconsultants may be debarred, suspended or disqualified from contracting and/or working on the

Facilities Project if found to have committed any of the acts listed in N.J.A.C. 17:19-3.1 et seq. or 6:20-7.1 et seq. or any applicable regulation issued by or affecting the SCC.

The Bidder certifies that it shall immediately notify the Owner, in writing, in the event the Bidder or any Subcontractor or Subconsultant appears on the Treasury's, or the Federal Government's List of Debarred, Suspended or Disqualified Bidders.

II. The undersigned hereby consents to the following:

A. Consent to Documents

If awarded the contract, the Bidder agrees and hereby consents to permit the Department of Community Affairs, other State agencies, the Unit of Fiscal Integrity, and their respective agents, representatives, consultants, subconsultants, contractors, subcontractors, and their agents and representatives (the "Project Team") access to ALL DOCUMENTS RELATED TO THE CONTRACT, including, but not limited to, the following:

1. Prequalifying information and work product.

2. All confidential memos and certifications required to be kept by any governmental agency, including, but not limited to, the Department of Community Affairs, the Department of Labor, the Department of Environmental Protection, the Department of Treasury, the Division of Consumer Affairs, and Licensing Boards.

3. All documents required to be kept by the Contract, including, but not limited to, contracts, specifications, change orders, alternate submissions, approvals/rejections, unit prices, product data, time of performance schedules, construction photographs, quality control management and reports, value engineering information, up-to-date project accounting system, intermediate and final audits, as-builts, close-out documentation.

4. All documents related to the approval process for the Facilities Project, including, but not limited to, project siting, land acquisition, surveys, and real estate documents (deeds, leases, and title report, including searches for easements, mortgages, judgments, liens, unpaid taxes, water & sewer, and property description by metes & bounds).

5. All documents related to the payment, in connection with the Contract, of professionals, including but not limited to surveyors, title abstractor/company, lawyers, appraisers, soils engineers, bond counsel, underwriters, financial and investment advisors, trustees, official printers, bond insurers.

B. Right to Inspect and Audit. The Bidder agrees to allow the Project Team upon request, at all reasonable times, to inspect and copy any and all of the above-described documents to the extent such documents are in its possession, custody or subject to its control. The Bidder agrees to make the requested documents available for inspection and copying within the State of New Jersey regardless of the location of the documents. The Bidder hereby waives any objection it might otherwise raise permitting the Project Team, including the Unit of Fiscal Integrity and its authorized representatives to investigate, examine and inspect all activities related to this contract pursuant to Public Law 2000, Chapter 72, '70. The Bidder further releases and holds harmless the Unit of Fiscal Integrity and its authorized representatives and the State of New Jersey.

All statements contained in the Bidder's bid/proposal and this Certification are true and correct: and all such statements have been made with full knowledge that the State of New Jersey rely upon the truth of the statements contained in this Certification in providing payments to the East Windsor Township for the Facilities Project pursuant to the Agreement.

MANDATORY EQUAL EMPLOYMENT OPPORTUNITY LANGUAGE
N.J.S.A. 10:5-31 et seq. (P.L.1975, c.127)
N.J.A.C. 17:27-1.1 et seq.

CONSTRUCTION CONTRACTS

During the performance of this contract, the contractor agrees as follows:

The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Except with respect to affectional or sexual orientation and gender identity or expression, the contractor will ensure that equal employment opportunity is afforded to such applicants in recruitment and employment, and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Such equal employment opportunity shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The con-tractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this nondiscrimination clause.

The contractor or subcontractor, where applicable will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex.

The contractor or subcontractor will send to each labor union, with which it has a collective bar-gaining agreement, a notice, to be provided by the agency contracting officer, advising the labor union or workers' representative of the contractor's commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer, pursuant to N.J.S.A. 10:5-31 et seq., as amended and supplemented from time to time and the Americans with Disabilities Act.

When hiring or scheduling workers in each construction trade, the contractor or subcontractor agrees to make good faith efforts to employ minority and women workers in each construction trade consistent with the targeted employment goal prescribed by N.J.A.C. I7:27-7.2; provided, however, that the Dept. of LWD, Construction EEO Monitoring Program, may, in its discretion, exempt a contractor or subcontractor from compliance with the good faith procedures pre-scribed by the following provisions, A, B, and C, as long as the Dept. of LWD, Construction EEO Monitoring Program is satisfied that the contractor or subcontractor is employing workers provided by a union which provides evidence, in accordance with standards prescribed by the Dept. of LWD, Construction EEO Monitoring Program, that its percentage of active "card carrying" members who are minority and women workers is equal to or greater than the targeted employment goal established in accordance with N.J.A.C. 17:27-7.2. The contractor or subcontractor agrees that a good faith effort shall include compliance with the following procedures:

A. If the contractor or subcontractor has a referral agreement or arrangement with a union for a construction trade, the contractor or subcontractor shall, within three business days of the contract award, seek assurances from the union that it will cooperate with the contractor or sub-

contractor as it fulfills its affirmative action obligations under this contract and in accordance with the rules promulgated by the Treasurer pursuant to N.J.S.A. 10:5-31 et. seq., as supplemented and amended from time to time and the Americans with Disabilities Act. If the contractor or subcontractor is unable to obtain said assurances from the construction trade union at least five business days prior to the commencement of construction work, the contractor or sub-contractor agrees to afford equal employment opportunities minority and women workers directly, consistent with this chapter. If the contractor's or subcontractor's prior experience with a construction trade union, regardless of whether the union has provided said assurances, indicates a significant possibility that the trade union will not refer sufficient minority and women workers consistent with affording equal employment opportunities as specified in this chapter, the contractor or subcontractor agrees to be prepared to provide such opportunities to minority and women workers directly, consistent with this chapter, by complying with the hiring or scheduling procedures prescribed under (B) below; and the contractor or subcontractor further agrees to take said action immediately if it determines that the union is not referring minority and women workers consistent with the equal employment opportunity goals set forth in this chapter.

B. If good faith efforts to meet targeted employment goals have not or cannot be met for each construction trade by adhering to the procedures of (A) above, or if the contractor does not have a referral agreement or arrangement with a union for a construction trade, the contractor or subcontractor agrees to take the following actions:

1. To notify the public agency compliance officer, the Dept. of LWD, Construction EEO Monitoring Program, and minority and women referral organizations listed by the Division pursuant to N.J.A.C. 17:27-5.3, of its workforce needs, and request referral of minority and women workers;
2. To notify any minority and women workers who have been listed with it as awaiting available vacancies;
3. Prior to commencement of work, to request that the local construction trade union refer minority and women workers to fill job openings, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade;
4. To leave standing requests for additional referral to minority and women workers with the local construction trade union, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade, the State Training and Employment Service and other approved referral sources in the area;
5. If it is necessary to lay off some of the workers in a given trade on the construction site, layoffs shall be conducted in compliance with the equal employment opportunity and non-discrimination standards set forth in this regulation, as well as with applicable Federal and State court decisions;
6. To adhere to the following procedure when minority and women workers apply or are referred to the contractor or subcontractor:
    i. The contactor or subcontractor shall interview the referred minority or women worker.
    ii. If said individuals have never previously received any document or certification signifying a level of qualification lower than that required in order to perform the work of the construction trade, the contractor or subcontractor shall in good faith determine the qualifications of such individuals. The contractor or subcontractor shall hire or schedule those individuals who satisfy appropriate qualification standards in conformity with the equal employment opportunity and non-discrimination principles set forth in this chapter. However, a contractor or subcontractor shall determine that the individual at least possesses the requisite skills, and experience recognized by a union, apprentice program or a referral agency, provided the referral agency is acceptable to the Dept. of LWD,

Construction EEO Monitoring Program. If necessary, the con-tractor or subcontractor shall hire or schedule minority and women workers who qualify as trainees pursuant to these rules. All of the requirements, however, are limited by the provisions of (C) below.

iii. The name of any interested women or minority individual shall be maintained on a waiting list, and shall be considered for employment as described in (i) above, whenever vacancies occur. At the request of the Dept. of LWD, Construction EEO Monitoring Program, the contractor or subcontractor shall provide evidence of its good faith efforts to employ women and minorities from the list to fill vacancies.

iv. If, for any reason, said contractor or subcontractor determines that a minority individual or a woman is not qualified or if the individual qualifies as an advanced trainee or apprentice, the contractor or subcontractor shall inform the individual in writing of the reasons for the determination, maintain a copy of the determination in its files, and send a copy to the public agency compliance officer and to the Dept. of LWD, Construction EEO Monitoring Program.

7. To keep a complete and accurate record of all requests made for the referral of workers in any trade covered by the contract, on forms made available by the Dept. of LWD, Construction EEO Monitoring Program and submitted promptly to the Dept. of LWD, Construction EEO Monitoring Program upon request.

C. The contractor or subcontractor agrees that nothing contained in (B) above shall preclude the contractor or subcontractor from complying with the union hiring hall or apprentice-ship policies in any applicable collective bargaining agreement or union hiring hall arrangement, and, where required by custom or agreement, it shall send journeymen and trainees to the union for referral, or to the apprenticeship program for admission, pursuant to such agreement or arrangement. However, where the practices of a union or apprenticeship program will result in the exclusion of minorities and women or the failure to refer minorities and women consistent with the targeted county employment goal, the contractor or subcontractor shall consider for employment persons referred pursuant to (B) above without regard to such agreement or arrangement; provided further, however, that the contractor or subcontractor shall not be required to employ women and minority advanced trainees and trainees in numbers which result in the employment of advanced trainees and trainees as a percentage of the total workforce for the construction trade, which percentage significantly exceeds the apprentice to journey worker ratio specified in the applicable collective bargaining agreement, or in the absence of a collective bargaining agreement, exceeds the ratio established by practice in the area for said construction trade. Also, the contractor or subcontractor agrees that, in implementing the procedures of (B) above, it shall, where applicable, employ minority and women workers residing within the geographical jurisdiction of the union.

After notification of award, but prior to signing a construction contract, the contractor shall submit to the public agency compliance officer and the Dept. of LWD, Construction EEO Monitoring Program an initial project workforce report (Form AA-201) electronically provided to the public agency by the Dept. of LWD, Construction EEO Monitoring Program, through its web-site, for distribution to and completion by the contractor, in accordance with N.J.A.C. 17:27-7. The contractor also agrees to submit a copy of the Monthly Project Workforce Report once a month thereafter for the duration of this contract to the Dept. of LWD, Construction EEO Monitoring Program, and to the public agency compliance officer.

The contractor agrees to cooperate with the public agency in the payment of budgeted funds, as is necessary, for on-the-job and/or off-the-job programs for outreach and training of minorities and women.

D. The contractor and its subcontractors shall furnish such reports or other documents to the Dept. of LWD, Construction EEO Monitoring Program as may be requested by the Dept. of LWD, Construction EEO Monitoring Program from time to time in order to carry out the purposes of these regulations, and public agencies shall furnish such information as may be re-quested by the Dept. of LWD, Construction EEO Monitoring Program for conducting a compliance investigation pursuant to N.J.A.C. 17:27-1.1 et seq.

All successful construction Contractors must submit the following form of evidence:

Completed form AA-201 "Initial Project Manning Report - Construction"

The completed form AA-201 should be submitted at the time the signed contract is returned to the Mayor and Council. The Form AA-201 must be submitted by the third (3rd) calendar day after the signing of the construction contract. If the construction Contractor does not submit Form AA-201 within the required time period, the Mayor and Council **may** extend the time period to the fourteenth (14th) calendar day. If by the fourteenth (14th) calendar day the contractor does not submit the form, the Mayor and Council **must declare the contractor is non-responsive and award the contract to the next lowest responsible bidder.**

CONSTRUCTION CONTRACTS

During the performance of this contract, the contractor agrees as follows:

The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Except with respect to affectional or sexual orientation and gender identity or expression, the contractor will ensure that equal employment opportunity is afforded to such applicants in recruitment and employment, and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Such equal employment opportunity shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The con-tractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this nondiscrimination clause.

The contractor or subcontractor, where applicable will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex.

The contractor or subcontractor will send to each labor union, with which it has a collective bar-gaining agreement, a notice, to be provided by the agency contracting officer, advising the labor union or workers' representative of the contractor's commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer, pursuant to N.J.S.A. 10:5-31 et seq., as amended and supplemented from time to time and the Americans with Disabilities Act.

When hiring or scheduling workers in each construction trade, the contractor or subcontractor agrees to make good faith efforts to employ minority and women workers in each construction trade consistent with the targeted employment goal prescribed by N.J.A.C. I7:27-7.2; provided, however, that the Dept. of LWD, Construction EEO Monitoring Program, may, in its discretion, exempt a contractor or subcontractor from compliance with the good faith procedures pre-scribed by the following provisions, A, B, and C, as long as the Dept. of LWD, Construction EEO Monitoring Program is satisfied that the contractor or subcontractor is employing workers provided by a union which provides evidence, in accordance with standards prescribed by the Dept. of LWD, Construction EEO Monitoring Program, that its percentage of active "card carrying" members who are minority and women workers is equal to or greater than the targeted employment goal established in accordance with N.J.A.C. 17:27-7.2. The contractor or subcontractor agrees that a good faith effort shall include compliance with the following procedures:

A. If the contractor or subcontractor has a referral agreement or arrangement with a union for a construction trade, the contractor or subcontractor shall, within three business days of the contract award, seek assurances from the union that it will cooperate with the contractor or sub-

contractor as it fulfills its affirmative action obligations under this contract and in accordance with the rules promulgated by the Treasurer pursuant to N.J.S.A. 10:5-31 et. seq., as supplemented and amended from time to time and the Americans with Disabilities Act. If the contractor or subcontractor is unable to obtain said assurances from the construction trade union at least five business days prior to the commencement of construction work, the contractor or sub-contractor agrees to afford equal employment opportunities minority and women workers directly, consistent with this chapter. If the contractor's or subcontractor's prior experience with a construction trade union, regardless of whether the union has provided said assurances, indicates a significant possibility that the trade union will not refer sufficient minority and women workers consistent with affording equal employment opportunities as specified in this chapter, the contractor or subcontractor agrees to be prepared to provide such opportunities to minority and women workers directly, consistent with this chapter, by complying with the hiring or scheduling procedures prescribed under (B) below; and the contractor or subcontractor further agrees to take said action immediately if it determines that the union is not referring minority and women workers consistent with the equal employment opportunity goals set forth in this chapter.

B. If good faith efforts to meet targeted employment goals have not or cannot be met for each construction trade by adhering to the procedures of (A) above, or if the contractor does not have a referral agreement or arrangement with a union for a construction trade, the contractor or subcontractor agrees to take the following actions:

1. To notify the public agency compliance officer, the Dept. of LWD, Construction EEO Monitoring Program, and minority and women referral organizations listed by the Division pursuant to N.J.A.C. 17:27-5.3, of its workforce needs, and request referral of minority and women workers;
2. To notify any minority and women workers who have been listed with it as awaiting available vacancies;
3. Prior to commencement of work, to request that the local construction trade union refer minority and women workers to fill job openings, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade;
4. To leave standing requests for additional referral to minority and women workers with the local construction trade union, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade, the State Training and Employment Service and other approved referral sources in the area;
5. If it is necessary to lay off some of the workers in a given trade on the construction site, layoffs shall be conducted in compliance with the equal employment opportunity and non-discrimination standards set forth in this regulation, as well as with applicable Federal and State court decisions;
6. To adhere to the following procedure when minority and women workers apply or are referred to the contractor or subcontractor:
    i. The contactor or subcontractor shall interview the referred minority or women worker.
    ii. If said individuals have never previously received any document or certification signifying a level of qualification lower than that required in order to perform the work of the construction trade, the contractor or subcontractor shall in good faith determine the qualifications of such individuals. The contractor or subcontractor shall hire or schedule those individuals who satisfy appropriate qualification standards in conformity with the equal employment opportunity and non-discrimination principles set forth in this chapter. However, a contractor or subcontractor shall determine that the individual at least possesses the requisite skills, and experience recognized by a union, apprentice program or a referral agency, provided the referral agency is acceptable to the Dept. of LWD,

Construction EEO Monitoring Program. If necessary, the con-tractor or subcontractor shall hire or schedule minority and women workers who qualify as trainees pursuant to these rules. All of the requirements, however, are limited by the provisions of (C) below.

iii. The name of any interested women or minority individual shall be maintained on a waiting list, and shall be considered for employment as described in (i) above, whenever vacancies occur. At the request of the Dept. of LWD, Construction EEO Monitoring Program, the contractor or subcontractor shall provide evidence of its good faith efforts to employ women and minorities from the list to fill vacancies.

iv. If, for any reason, said contractor or subcontractor determines that a minority individual or a woman is not qualified or if the individual qualifies as an advanced trainee or apprentice, the contractor or subcontractor shall inform the individual in writing of the reasons for the determination, maintain a copy of the determination in its files, and send a copy to the public agency compliance officer and to the Dept. of LWD, Construction EEO Monitoring Program.

7. To keep a complete and accurate record of all requests made for the referral of workers in any trade covered by the contract, on forms made available by the Dept. of LWD, Construction EEO Monitoring Program and submitted promptly to the Dept. of LWD, Construction EEO Monitoring Program upon request.

C. The contractor or subcontractor agrees that nothing contained in (B) above shall preclude the contractor or subcontractor from complying with the union hiring hall or apprentice-ship policies in any applicable collective bargaining agreement or union hiring hall arrangement, and, where required by custom or agreement, it shall send journeymen and trainees to the union for referral, or to the apprenticeship program for admission, pursuant to such agreement or arrangement. However, where the practices of a union or apprenticeship program will result in the exclusion of minorities and women or the failure to refer minorities and women consistent with the targeted county employment goal, the contractor or subcontractor shall consider for employment persons referred pursuant to (B) above without regard to such agreement or arrangement; provided further, however, that the contractor or subcontractor shall not be required to employ women and minority advanced trainees and trainees in numbers which result in the employment of advanced trainees and trainees as a percentage of the total workforce for the construction trade, which percentage significantly exceeds the apprentice to journey worker ratio specified in the applicable collective bargaining agreement, or in the absence of a collective bargaining agreement, exceeds the ratio established by practice in the area for said construction trade. Also, the contractor or subcontractor agrees that, in implementing the procedures of (B) above, it shall, where applicable, employ minority and women workers residing within the geographical jurisdiction of the union.

After notification of award, but prior to signing a construction contract, the contractor shall submit to the public agency compliance officer and the Dept. of LWD, Construction EEO Monitoring Program an initial project workforce report (Form AA-201) electronically provided to the public agency by the Dept. of LWD, Construction EEO Monitoring Program, through its web-site, for distribution to and completion by the contractor, in accordance with N.J.A.C. 17:27-7. The contractor also agrees to submit a copy of the Monthly Project Workforce Report once a month thereafter for the duration of this contract to the Dept. of LWD, Construction EEO Monitoring Program, and to the public agency compliance officer.

The contractor agrees to cooperate with the public agency in the payment of budgeted funds, as is necessary, for on-the-job and/or off-the-job programs for outreach and training of minorities and women.

D. The contractor and its subcontractors shall furnish such reports or other documents to the Dept. of LWD, Construction EEO Monitoring Program as may be requested by the Dept. of LWD, Construction EEO Monitoring Program from time to time in order to carry out the purposes of these regulations, and public agencies shall furnish such information as may be re-quested by the Dept. of LWD, Construction EEO Monitoring Program for conducting a compliance investigation pursuant to N.J.A.C. 17:27-1.1 et seq.

All successful construction Contractors must submit the following form of evidence:

Completed form AA-201 "Initial Project Manning Report - Construction"

The completed form AA-201 should be submitted at the time the signed contract is returned to the Mayor and Council. The Form AA-201 must be submitted by the third (3rd) calendar day after the signing of the construction contract. If the construction Contractor does not submit Form AA-201 within the required time period, the Mayor and Council **may** extend the time period to the fourteenth (14th) calendar day. If by the fourteenth (14th) calendar day the contractor does not submit the form, the Mayor and Council **must declare the contractor is non-responsive and award the contract to the next lowest responsible bidder**.

BIDDER CERTIFICATION

To be completed by Each Bidder and each Subcontractor in the following areas:

(1) Additions to East Windsor Senior Center, East Windsor, NJ

STATE OF NEW JERSEY)
) ss.
COUNTY OF Burlington)

I, Victor J. DiAnna, residing in Medford Township, in the County of Burlington and the State of New Jersey of full age, being duly sworn according to law on my oath, depose and say that:

I am President (principal owner or officer) of the firm of Utility Construction Services, Inc. _____, (the "Bidder") making this proposal for the above-referenced facilities project and understand that the Project is being undertaken by the East Windsor Township. Terms not otherwise defined herein shall have their meaning as set forth in such Agreement.

I. The undersigned hereby swears and affirms to the following:

A. No Gratuities

The Bidder has not offered or tendered, directly or indirectly, the payment of any fee, commission or compensation of any kind or the granting of any gift or gratuity of any kind, whether or not in connection with the purchase, sale, or contract, to any person in the employ of the East Windsor Township, or the State of New Jersey (the "State") having any duties or responsibilities in connection with the purchase or acquisition of any property or services by the East Windsor Township, or State, by or on behalf of any seller, supplier or provider of services, who has made, negotiated, solicited or offered to make any contract to sell or furnish real or personal property or services to the East Windsor Township, or the State. I further understand that it is a violation of law to offer, pay, or give to any employee of the East Windsor Township, or the State any fees, commission compensation, gift or gratuity for or because of any official act or a violation of any official duty. Any person who does so may be subject to punishment.

B. No Collusion

The Bidder has not directly or indirectly entered into any agreement, participated in any collusion, bid rigging or otherwise taken any action in restraint of free, competitive bidding in connection with the Facilities Project; the prices in the bid have been arrived at independently without collusion, consultation, communication or agreement, for the purpose of restricting competition; the prices have not been knowingly disclosed directly or indirectly by the Bidder to any other bidder, unless otherwise required by law; and no attempt has been made by the Bidder to induce any other person or business entity to submit or not submit a bid for the purpose of restricting competition.

C. No Discrimination

The Bidder will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, gender or sexual orientation and has complied and will continue to comply with all State and Federal laws and Executive Orders respecting non-discrimination.

D. Public Works Contractor Registration Certificate

A current, valid Public Works Contractor Registration Certificate has been issued pursuant to the New Jersey Public Works Contractor Registration Act, Public Laws 1999, Chapter 238. A copy of the Certificate is attached to this Certification.

E. Prevailing Wage

If applicable, the Bidder has complied and will continue to comply with the New Jersey Contractor Registration Act, Public Laws 1999, Chapter 238, and the New Jersey Prevailing Wage Act, Laws of 1963, Chapter 150, and all amendments thereto, and any contracts entered into on behalf of the East Windsor Township, or the State, except those contracts not within the contemplation of these acts. The Bidder shall not hire any Subcontractors to perform any work on the Facilities Project who is listed or is on record in the Office of the Commissioner, Department of Labor, as having failed to pay prevailing wages in accordance with the provisions of the New Jersey Prevailing Wage Act.

F. Certificate of Authority to Perform Work in New Jersey

A current, valid Certificate of Authority to Perform Work in New Jersey has been issued by the State Department of the Treasury (N.J.S.A. 18A:7G-37). A copy of the Certificate is attached to this Certification.

G. Business Registration Certificate

A current, valid Business Registration Certificate pursuant to P.L. 2004, C.57, has been issued by the New Jersey Department of Treasury, Division of Revenue. A copy of the Certificate is attached to this Certification.

H. Trade License

A current, valid contractor or trade license required under applicable New Jersey Law for any trade or specialty area in which this form seeks to perform work is attached to this Certification.

J. Quality Control

During the term of this project, the contractor will have in place a suitable quality control and quality insurance program and an appropriate safety and health plan.

K. Debarment

The Bidder certifies that it is not included on the State Treasurer's, or the Federal Government's List of Debarred, Suspended or Disqualified Bidders as a result of action taken by the State or Federal Agency. If awarded the contract, the Bidder acknowledges and agrees to insert into all contracts with all Subcontractors and Subconsultants a clause stating that the Bidder, its Subcontractors or Subconsultants may be debarred, suspended or disqualified from contracting and/or working on the

Facilities Project if found to have committed any of the acts listed in N.J.A.C. 17:19-3.1 et seq. or 6:20-7.1 et seq. or any applicable regulation issued by or affecting the SCC.

The Bidder certifies that it shall immediately notify the Owner, in writing, in the event the Bidder or any Subcontractor or Subconsultant appears on the Treasury's, or the Federal Government's List of Debarred, Suspended or Disqualified Bidders.

II. The undersigned hereby consents to the following:

A. Consent to Documents

If awarded the contract, the Bidder agrees and hereby consents to permit the Department of Community Affairs, other State agencies, the Unit of Fiscal Integrity, and their respective agents, representatives, consultants, subconsultants, contractors, subcontractors, and their agents and representatives (the "Project Team") access to ALL DOCUMENTS RELATED TO THE CONTRACT, including, but not limited to, the following:

1. Prequalifying information and work product.

2. All confidential memos and certifications required to be kept by any governmental agency, including, but not limited to, the Department of Community Affairs, the Department of Labor, the Department of Environmental Protection, the Department of Treasury, the Division of Consumer Affairs, and Licensing Boards.

3. All documents required to be kept by the Contract, including, but not limited to, contracts, specifications, change orders, alternate submissions, approvals/rejections, unit prices, product data, time of performance schedules, construction photographs, quality control management and reports, value engineering information, up-to-date project accounting system, intermediate and final audits, as-builts, close-out documentation.

4. All documents related to the approval process for the Facilities Project, including, but not limited to, project siting, land acquisition, surveys, and real estate documents (deeds, leases, and title report, including searches for easements, mortgages, judgments, liens, unpaid taxes, water & sewer, and property description by metes & bounds).

5. All documents related to the payment, in connection with the Contract, of professionals, including but not limited to surveyors, title abstractor/company, lawyers, appraisers, soils engineers, bond counsel, underwriters, financial and investment advisors, trustees, official printers, bond insurers.

B. Right to Inspect and Audit. The Bidder agrees to allow the Project Team upon request, at all reasonable times, to inspect and copy any and all of the above-described documents to the extent such documents are in its possession, custody or subject to its control. The Bidder agrees to make the requested documents available for inspection and copying within the State of New Jersey regardless of the location of the documents. The Bidder hereby waives any objection it might otherwise raise permitting the Project Team, including the Unit of Fiscal Integrity and its authorized representatives to investigate, examine and inspect all activities related to this contract pursuant to Public Law 2000, Chapter 72, '70. The Bidder further releases and holds harmless the Unit of Fiscal Integrity and its authorized representatives and the State of New Jersey.

All statements contained in the Bidder's bid/proposal and this Certification are true and correct: and all such statements have been made with full knowledge that the State of New Jersey rely upon the truth of the statements contained in this Certification in providing payments to the East Windsor Township for the Facilities Project pursuant to the Agreement.
